Sound Off 729-4006 is your personal forum and squawk box. We broadcast your comments on most any subject. To sound your voice, please call 729-4006 after 5 p.m. on weekdays and anytime over the weekend. Or leave a message at our new web site at www.micomnews.com. A word to the wise: you must not speak ill of your fellow citizens. Be brief. Be interesting. Otherwise we may edit you.

Controlled racial protests, affirmative action, black history are overdue

Let's set the record straight about the onset of racial protest.

When any race of people protest and its organized and under control without a violent outbreak, you can rest assured it is well overdue, regardless of how sick any narrow-minded person gets of seeing it. [*A July 23 Sound Off caller had complained about black protests and affirmative action – Ed.*] Think how sick we people of color are getting being subject to this.

True people of color have more rights at work before, but we don't have all rights. We still find nooses on our lockers. Or off-color jokes that aren't the least bit funny when addressed to particular races of people.

Blacks got Black History Month. Well, whites have the other 11 months. If you as a white person have a problem at work, you can rest assured that you can bring the problem to a white boss.

If recall workers are liars, why doesn't Cox let them bury themselves?

The pathetic display by Cox to cut off citizens wishing to speak at the most recent council meeting, only reinforces the need to remove him from office.

It was apparent to me that with Cox chairing, the meeting that night was orchestrated to allow him the opportunity to shut down the voices of the recall crowd now that he, Griffin and James are the targets.

What is he afraid of? If all the recall supporters do is lie, as he is fond of saying, why not let them bury themselves? I'll tell you why, because the only one proven to have told untruths are he and his buddies. Before anything else comes out, they have to quiet the people who expose it.

I got their number. I hope.

End to airport tax opposed...

By AL POST
MCN Staff Writer

The potential cancellation of the Detroit Metro Airport parking lot tax proposed by State Rep. Bruce Patterson (R-Canton) is strongly opposed by Mayor William Oakley and members of the city council.

Oakley informed the council Monday night of Patterson's proposal "that has some support in Lansing" since it is considered anti-Wayne County.

But it could cost the city of Romulus about $1 million a year, Oakley warned, and Wayne County much more.

Patterson is said to have claimed he would create some help for Romulus if the plan is approved, Oakley stated, "but I haven't heard from him yet!"

The state effort angered several of the city council members, since they claimed Patterson began the effort without even discussing the matter with them.

Patterson formerly served Romulus as a Wayne County Commissioner and was considered one of the most vocal political enemies of County Executive Ed McNamara.

While Patterson's effort was perceived as an arrow aimed at the heart of McNamara's crown jewel (the airport), Oakley and various council members feel Romulus could be seriously wounded financially by the same effort.

Some council members even asked Oakley to contact State Rep. Raymond Basham (D-Taylor) in an effort to dislodge or defeat the Patterson effort.

Councilman William Wadsworth also urged Oakley to have a Metro Airport spokesman visit the council in the near future to discuss airport issues that impact city residents and businesses.

Wadworth wants to know if new Metro Airport Director Lester Robinson will abide by earlier statements by airport officials that high berms and trees would basically encircle airport property to give Romulus resident both scenic and sound-proofing relief from airport plane use.

The councilman said he heard rumors that wire fences instead of berms might be installed by the county. Such fences will provide no sound relief, Wadsworth said.

Oakley said he was to meet with Robinson this week and would ask for such a meeting.

Charter School filling up fast

By AL POST
MCN Staff Writer

Classes are filling up fast at the Metro Charter Academy as the Romulus-based school prepares to open its doors for the first time on Aug. 22.

Classes for kindergarten and the fourth and fifth grades currently are listed as full, Phil Perkins, chamber school spokesman told a parental gathering last Thursday night at the Crowne Plaza Hotel in Romulus.

Openings remain in the first, second and third grade classes, he said.

As of last Thursday 10 of the 14 scheduled teachers slots also were filled.

Questions from parents earned the following answers from Perkins and school Principal Andrew Cook:

•While discipline in the school will be strict, no corporal punishment will be used.

•There will be no nurse on duty at the school, but Cook and another staff member will be authorized to dispense prescribed medicine to students.

•Parents can keep up to date with their children's educational progress via the school's website. They can also E-mail messages to teachers and administration.

•The National Heritage Academy will seek to develop a relationship with the Boys/Girls Club organization, similar to one currently underway with the Romulus Public Schools.

•Backpacks may be carried into the school, but must be stored in a prescribed location during the school hours.

•As of last week 360 of the 405 students slots had been filled, with a limited number coming from the Romulus Schools.

•Student birthday parties inside the school are not encouraged.

•Shorts and skirts can be worn on occasion, but must come down to the student's fingertips.

•Once the Romulus school opens for the year, open enrollment for the following year will begin and continue through Feb. 28.

•No Halloween celebration is planned and a small Christmas party will be held the last day of school prior to the holiday break.

•Parents must arrange for students' transportation to and from school each day and the drop off time will be between 7:55 and 8:05 a.m. The school day will begin at 8:15 a.m.

•The school's phone number is 734-941-6082 and its fax number is 934-941-6781.

Trenton firefighter dies in cycle crash

By AL POST
MCN Staff Writer

A 32-year-old Trenton firefighter riding a Harley Davidson motorcycle was fatally injured last Friday night, when his cycle was struck head- on as he traveled along Pennsylvania Road.

The victim was identified as Andrew David Ross.

Romulus Police Lt. Eric Painter reported Mr. Ross was traveling west on Pennsylvania at 10:25 p.m. July 21, when he was struck head on by a 1993 Probe operated by a 38-year-old Riverview motorist.

The car driver said he was trying to pass a slower moving car, while traveling west on the two-lane Pennsylvania Road when the mishap occurred.

Mr. Ross was tossed in the air by the impact and the cycle then burst into flames.

Both Mr. Ross and the car driver were transported to Heritage Hospital in Taylor. Mr. Ross was pronounced dead and the other driver was treated and released.

Railroad warning

The city of Romulus has erected "dangerous crossing" signs adjacent to the railroad crossing on Grant Road in Romulus. Mayor William Oakley said CSX leaders have stated the crossing beds would be repaired this month.MCN Photo by Al Post.

Motorist arraigned

A 49-year-old Belleville motorist was arraigned on reckless driving charges Tuesday in 34th District Court, after she reportedly struck a Romulus Police Officer with her car following the July 4th fireworks celebration.

The accused driver, Geneva Newberry, appeared before District Court Judge William Szlinis. She was released on $1,000 personal bond pending a pre-trial hearing on Aug. 10.

The officer – Rich Mathews -- is now undergoing rehabilitation for his close head injuries. He was struck while directing traffic at Wayne and Wick Roads shortly after 11 p.m. July 4.

Wheelfest committee seeks talent

By TOM MOORADIAN
MCN Staff Writer

If you have talent, as in singing, dancing or playing a musical instrument, the Wayne Wheelfest committee would like to hear from you.

Committee members are seeking talented individuals and acts to showcase during the upcoming Wayne Wheelfest festivities. Wheelfest will be staged four days, from August 24 to the 27.

Committee members stress that "all ages are encouraged to participate, and all acts must include at least one current resident of the city of Wayne in order for the act to be eligible."

Participants will be allowed to perform only one act that is to be no longer than four minutes.

According to the Wheelfest rules and regulations, all costumes, props and musical instruments should be brought to the audition.

The auditions will be hosted by the Wheelfest Committee and all participants must be available to perform live during the auditions.

Acts will be divided into two age groups: Senior Division - ages 14 and up; and a Junior Division, ages 13 and under.

Acts also will be selected from both divisions after the auditions for the showcase event.

Applications to present acts may be obtained from the Wayne Community Center and City Hall. They must be turned in to the Wayne Community Center no later than 4 p.m. Wednesday, Aug. 4.

For more information about the program, or of any Wheelfest activity, please telephone 721-7400.

Wayne student awarded scholarship

Jessica Linto, a graduating senior of Wayne Memorial High School, is the recipient of a $1,200 Schoolcraft College Trustee Scholarship for the 2000-2001 school year.

The awards are for full-time attendance for the fall and winter semesters at Schoolcraft College and may be renewed for the following year if the students meet continued eligibility requirements.

Trustee scholarships are awarded annually to graduating seniors to recognized academic achievements. Approximately 80 scholarships are granted each year.

Schoolcraft College is located at 18600 Haggerty Road, between Six and Seven Mile roads, just west of the I-275 expressway in Livonia.

Wayne resident serves aboard Navy destroyer

By Wendy Bodetka
Special to the Eagle

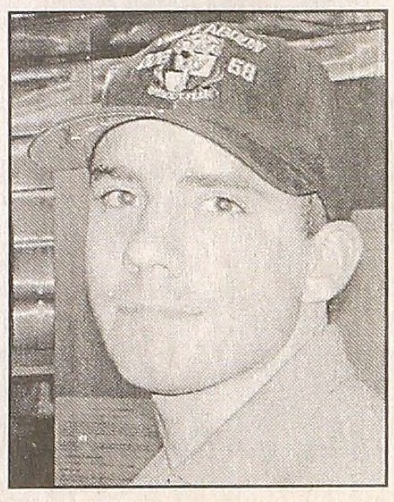
More than 56 years ago the men and women of the Armed Forces of the United States and their Allies stormed the beaches of Normandy and effectively changed the course of history.

This heroic deed put a stop to Nazi aggression and the war in Europe and was the beginning to the end of World War II.

Some people wonder whether the military would be able to protect our free way of life if they were called upon to do so today.

The answer lies with outstanding seamen like Christopher L. Zarebski, who serves aboard the Navy destroyer USS Laboon and is currently deployed to the Mediterranean Sea.

Zarebski, the son of Richard L. Zarebski of Wayne, said he had a variety of reasons for choosing to enlist.



Richard L. Zarebski

"I joined the Navy to make something of myself. I wanted to be proud of the decisions I've made in my life. I chose the Navy over every other service because I've lived near water most of my life; that's where I feel more comfortable."

Zarebski is an undesignated seaman, but he's a vital part of the ship's team. "I am an average deck seaman on this ship. I paint and maintain how good the ship looks," explained the 22-year-old seaman apprentice.

Zarebski has discovered a lot since joining the Navy and has ambitious plans for his future.

"The Navy has taught me to be more open-minded and understanding. With luck during my time in the service, I will be able to pick up a few languages throughout my deployments. I hope to come out of the military prepared to take on the trials of the civilian world.

"And my ambition is to have an education and experience in a field of work that I enjoy."

Wherever the future may lead him, he, like the warriors that served before him, can look back on his service with pride. He'll also have the gratitude of the country he loves.

Seniors offered health screening

Wayne seniors will be offered health screening for a wide range of physical ailments between the hours of 12:30 and 3:30 p.m. on Aug. 16 at the Wayne Senior Activity Center, 35000 Sims Avenue.

The Medical Team, a certified home health agency, is providing the free health testing to persons 60 years old or older who reside in southern and western Wayne County.

Persons 50 to 59 years of age are also welcomed but are requested to pay lab/blood work costs.

The screening will include: vital signs, such as blood pressure; blood sugar test; CVC or complete blood test; Hemocult kit (self test for colon cancer); cholesterol test; information on immunizations; TB skin test and urinalysis.

Participants are urged to bring the name of their physician and relevant health history information.

There is no charge for the screening, but voluntary donations will be accepted to help defray the costs of the program.

The services are provided to seniors without regard to race, color, religion, national origin, sex or handicap. Health screening services are funded under the Older Americans Act and the Older Michiganians Act through a program administered by the Michigan Office of Services to the Aging and The Senior Alliance.

Council warns: 'Don't dump on Inkster'

Stiff fines for 'garbage' violators

By TOM MOORADIAN
MCN Staff Writer

Calling for strict and aggressive enforcement of the codes and ordinances relating to illegal dumping of debris in the city of Inkster, Mayor Hilliard Hampton Jr. and members of city council last week say they need to send a message to those who could use the city as a place to dump their trash and garbage: "Don't".

If you do, you'll be fined.

"That's the message. Plain and simple," the mayor added.

Council concurred.

"A few weeks ago, we discussed offering a reward to our citizens for reporting anyone who dumped trash in our city, and I have not seen anything posted around the city about that," said councilman Ernest Hendricks.

"If you recall, we passed a resolution that we will fine the violator $750 if convicted. I believe it is time we enforce this ordinance."

Because of vacant buildings and unkept lots, the city of Inkster apparently has been a prime area for illegal dumping. Under the present ordinance, according to City Attorney Milton Spokony, a person or persons arrested and convicted may receive up to 30 days in jail and/or a $500 fine.

Hendricks said that he believes if the city ups the reward money, citizens may get more involved in reporting violations.

"People looking out their windows and writing down license plates would help us catch these inconsiderate people," Hendricks stressed.

City Manager Robert Gordon informed council that code enforcement officers have recently arrested violators and court cases are pending.

"We are catching people who are dumping (debris)," Gordon said. "In fact, we ticketed one today for dumping on Trowbridge Street."

The city manager urged residents to get involved and to report such incidents.

"They (the citizens) need not reveal their names if they choose not to," Gordon added.

Mayor Hilliard Hampton Jr. also expressed concerns over the county's grass-cutting program. He said the Michigan Avenue island in the city "really looks bad, and that reflects poorly on us."

"I know we're the last ones to get our grass cut," said Hampton. "But I think it's time for us to let someone down there know how we feel."

Terrell attends engineering workshop

Inkster resident George Terrell recently attended Michigan Tech's Minorities in Engineering Program.

In this program, practicing minority engineers from industry and government, educators, and university faculty lead informational sessions and discussions.

Terrell participated in this interesting and informative session.

The workshop is a week-long investigation of engineering careers in areas such as mechanical, environmental, electrical, chemical, civil, geological and metallurgical engineering, as well as other related disciplines such as mathematics, engineering technology, technical writing, and computer science.

Terrell is the son of Virginia Terrell and George Terrell, both of Inkster. He is involved in basketball, yearbook, the National Honor Society, band and choir at Peterson-Warren Academy where he will be a sophomore in the fall.

People helping people

A student organization named "Distributive Education Clubs of America" (DECA) has again helped the community. A program, that DECA sponsors, "Give A Rose to the Homeless" is an exceptional heart-warming project that helps people who are less fortunate. Students collect toiletries, clothing for adults and children, along with books and toys, then sees to it that they reach those in need. Sister Cecelia, Community Outreach Coordinator of C.O.T.S. and Nona C. Kertesz, Marketing Manager for C.O.T.S. (C.O.T.S. is an acronym for Coalition On Temporary Shelter) were very pleased to see DECA students involved in such a rewarding gesture. DECA Adviser Rhoda Littles (pictured above at the far left) presented a check for $300 for the cause and noted that it is extremely important to feel loved, appreciated and acknowledged in this world. DECA members have made that statement a reality through their work.

Lack of funding delays buyback of guns program

By TOM MOORADIAN
MCN Staff Writer

Lack of state and federal funding has delayed indefinitely the city of Inkster's Housing Commission gun buyback program.

The program offers up to $50 to any resident who would turn in a gun on a no-questions-asked basis. The program was to be implemented in Inkster in June, but Floyd Simmons, then executive director of Inkster Housing, said the program had to be delayed "because we have not received the necessary funds."

In the past, Inkster has implemented gun buyback programs, but city officials are the first to admit that they were not successful.

U.S. army offers signing bonuses

By AL POST
MCN Staff Writer

Students currently attending the combined Romulus-Belleville Summer School program were told last week that they currently are eligible for U.S. Army sign-up bonuses.

Sgt. Michael Graham revealed the bonuses are for a four-year commitment to the Army. Other Army bonuses up to $50,000 also are available, he said.

Graham also allowed students the use of his laptop computer to see a sample Army Enlistment Test.

They also were shown their score on the practice test, as well as information on how this would impact their possible Army enlistment.

The $20,000 bonus is payable with 75 percent paid upon completion of basic training and the rest spread over the enlistment period.

School Principals this summer are Al Wilkerson for the Senior High School division and Kelly Knight for the Middle School section.

MICHIGAN COMMUNITY NEWSPAPERS

High School asks citizens to have a seat

The Friends of the Belleville High School Auditorium is asking for help from the community, in it's "Adopt-a-Seat" program.

The groups hopes to raise enough funds to reupholster the old auditorium seats. For a pledge of $50, those who donate may have their name–or that of a loved one, organization or business–permanently engraved on a special plaque in the high school lobby.

Jody Ihlenfeldt, who serves on the Adopt-a-Seat Committee, said the group has raised some $550 to date, and more checks arrived on Monday.

The Van Buren Public Schools Board of Education has paid $48,500 to have the work done during the summer, while the auditorium is closed for asbestos abatement. The money was not budgeted for the upcoming school year. The friends have pledged their commitment to raise the entire amount in order to reimburse the district, and hopes to have raised the entire amount by October for the auditorium's grand reopening.

"Believe me, we'll pay this money back," Ihlennfeldt enthusiastically told the board Monday night, adding that in the scramble to raise the funds, the Friends have been "networking like you've never seen networking before."

For 32 years, the BHS auditorium has been a site for some 1,500 concerts and 3,500 events for the community. It is estimated that more than 100,000 students have performed in the auditorium and some one million people have attended the events.

The auditorium has had many "live" so to speak, having been dismantled and refurbished, becoming whatever the community has imagined it could be--a concert hall, a meeting place, an ocean liner, 42nd street, a home for hobbits and a wonderful monstrosity known as the BHS Bands Halloween Concert.

Besides providing a showcase for the performing arts, the auditorium has hosted fundraisers for residents like young Stephanie Smith, Kathy Hammons, Harold Hemphill and others, in order to raise money and awareness for the people and causes the community has rallied to support.

Now the auditorium has become a cause in itself.

The auditorium hasn't changed much in appearance since 1968, but the "new" auditorium will boast a more elegant look, with a flat black ceiling, burgundy carpeting and burgundy, gold and black seat coverings. The new seat coverings may be seen on the district's Web site at {i} www.wcresa.k12.mi.us/vanburen.

Tax deductible donation may be made out to VBPS Adopt-A-Seat Program, and can be mailed or delivered to Van Buren Public Schools, Adopt-a-Seat Program, 555 W. Columbia, Belleville, MI 48111. Please be sure to include your name, address, phone, number of seats adopted and the name or names to appear on the recognition plaque. For more information, call (734) 697-9123.

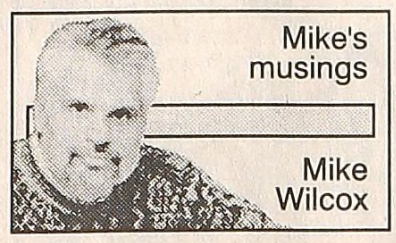
Familiar names dominate ho-hum primary election



I'm thinking 20. That's the percentage of registered voters I'm guessing will go to the polls on August 8 to send the candidates of their choice on to the November general election. I guess 20 because there are no burning issues that bring occasional voters out of their armchairs. But another compelling reason we won't see many voters is because the number of contested races are few and far between.

Just look at the local landscape. In Canton Township, Republican voters have no choice but to cast their votes for the current incumbents. No one, I mean no one, has bothered to challenge them. The same situation exists in Van Buren where Democratic voters can choose from only the Cindy King slate, which is made up of all incumbents, other than King, the current clerk, who is replacing retiring supervisor Helen Foster and her replacement Deputy Clerk Joannie Payne.

In both of these townships the race is over. Token Democrats do not have a snowball's chance in GOP-dominated Canton. Likewise with the few Republicans who plan to challenge Van Buren's Democratic King slate in November. The lack of candidates means one of two things - either the overwhelming majority of voters are completely satisfied with their local government or no one really cares. I choose to believe it is a combination of both.

At this newspaper, we deal with a lot of local governments and Van Buren and Canton, are two of the best. On the other hand, are political process works best if those in power are challenged once and a while, and I'm afraid we are sending a carte-blanche signal to politicians we expect to remain in check.

The 20% plateau will be scaled in Sumpter, where there are more candidates than retail stores. Recent problems have prompted citizen concern and involvement to the point that longtime township officials running under the banner "the Banotai team" are being challenged by the seven member "Parraghi team" as well as several other Democrats.

This is politics at its best. Sumpter voters have a true choice. They can re-elect the usual crew that has operated town hall for several years or they can vote for a change. Now if only there were some Republican candidates.

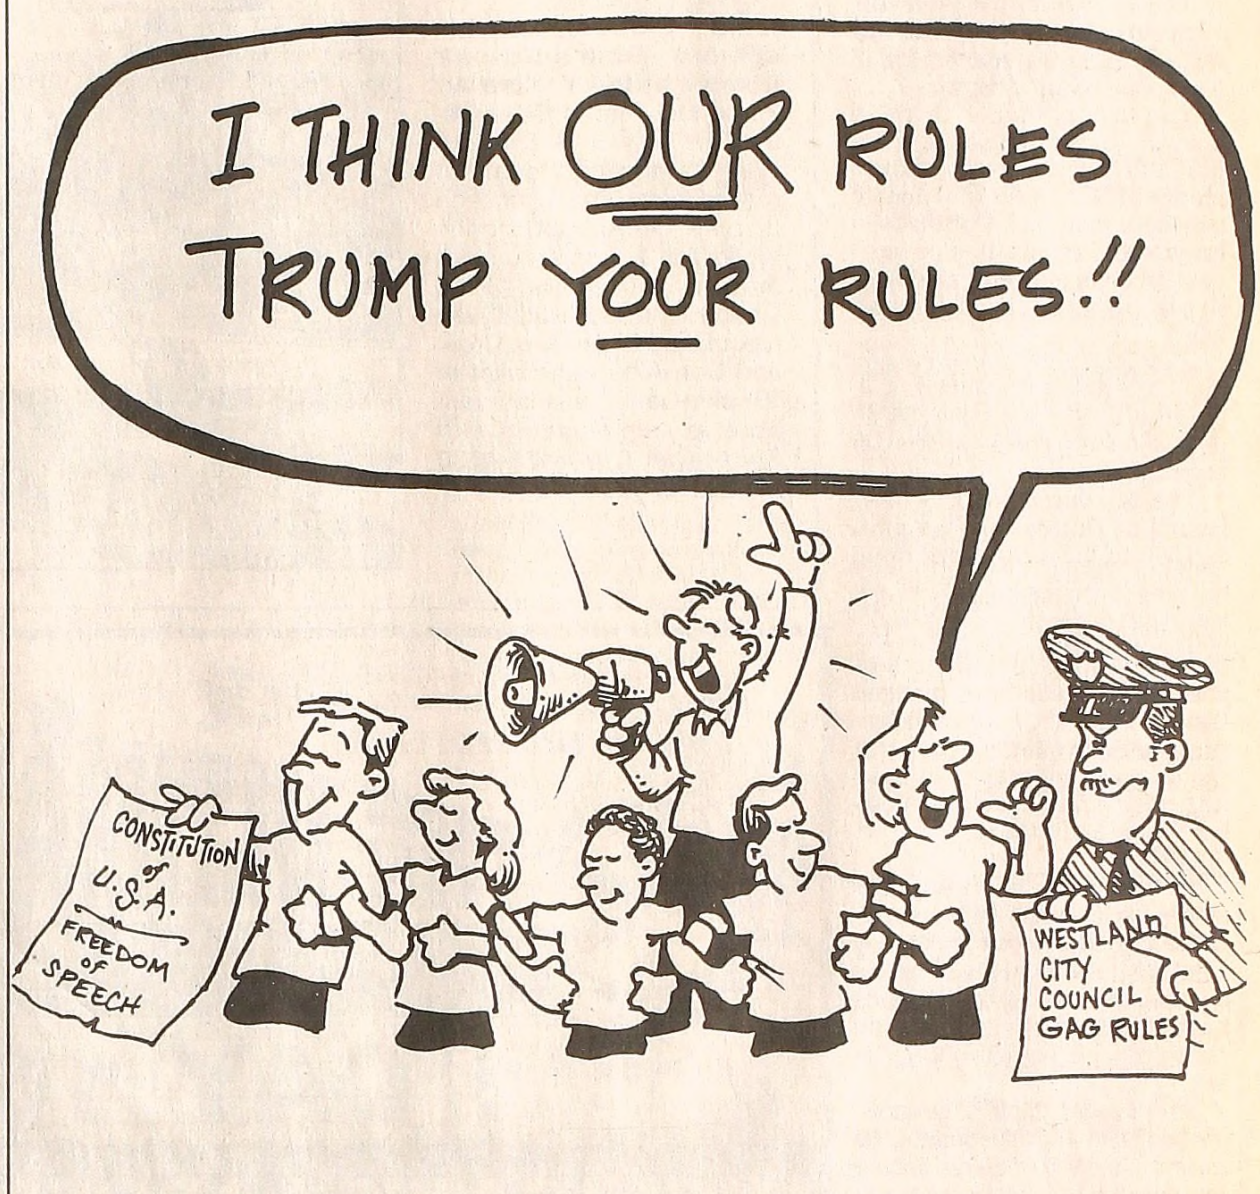
Another observation worth noting is that the much heralded term limitation legislation is not retiring politicians but instead, placing them in no jobs. The old adage, "once a politician, always a politician," seems to hold true here.

Forced to retire due to term limitations, State Rep. Tom Kelly leads a field of 14 vying for the nod to represent the Democratic Party for the position of Register of Deeds. Two State Senators who will retire in 2002, again not willingly but forced out due to term limitations are also seeking county posts. Virgil Smith is running a strong campaign for County Prosecutor and George Hart has thrown his hat in the ring for County Treasurer. Both have stiff opposition, but if they lose, I'm sure they can find another political post to run for in two years. If they win they will find their public salaries will increase by the tune of $53,000.

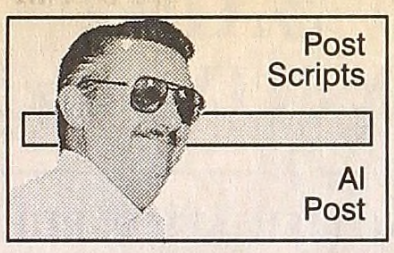
I think voters sometimes get sick of the same old names popping up on the ballot. That is why many don't bother voting. Quite frankly, I can't remember the last time a young, energized candidate showed his face in Western Wayne. This year's ballot is dominated with established names like Thomas and Beard; Ficano and McPhail.

If we truly want government by the people, 20% turnout must be obliterated. We must shoot for 75%. We must derail the old method of going to the polls and allow Internet, phone and mail voting. We must encourage our youth to participate in the political process by becoming candidates and participating as campaign workers.

But then again, if we did all this the established guys might not get elected. Wouldn't that make interesting headlines?



Gospel according to Pilate



Forty years ago – when a great spiritual and cultural divide began in the U.S. – area Christians were concerned about the worship of Satan in cults and other ad hoc religious groupings.

Since that time this writer has talked to thousands of Christians in New Jersey, Illinois and most reccently (the past decade) in Western Wayne County.

Several weeks ago during a personal review of the multitude of interviews – personal conversations – and informal chats with religious leaders and top laity themselves some alarming trends appear to be happening.

Volunteer activism by Christians appears to be as low today – as in secular worlds.

Divorces in recent years have surprisingly impacted those in near-retirement and retirement ages as well as those in the younger age brackets.

Even many of those affected by family break-ups also are reported to be Christians.

Opinions on abortions also have become greatly split in the church pews ... although some top denominational leaders remain strongly against the practice.

Worries about gambling – once considered harmful to Christian life -- is no longer widely condemned by religious leaders.

But what worries most in the clergy is the lowering amount of time ... Christians are willing to donate to their church's day to day operations.

Bible studies remain a key element in churches today – but clergymen and local church committee or commission chairpersons are concerned about other key church elements.

Vacation Bible Schools, once the bastion of summer church life, have seen their volunteer ranks slip badly.

Many churches find that the only way to keep VBS programs going today is to operate them at night, since their key potential volunteers work days. Some churches find even that is a strain on their volunteerism.

What this writer is being told is "it appears that the Gospel of Pontious Pilate is now strongly in vogue...and thus is more dangerous than the limited Satan worship earlier.

For those who haven't cracked their Bibles in recent decades, they should turn to the 24th verse of the 27th chapter of St. Matthew.

That once well known verse describes Pilate as he is about to publicly wash his hands prior to Christ's execution, as saying "I am innocent of the blood of this just person."

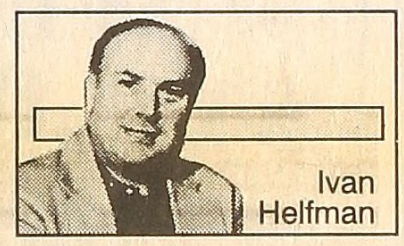
What some clergymen feel now is that too many Christians are similarly stating without using these precise words "It's not my fault, my responsibility or even my job" to battle against the continual ethical slide in America.

Luckily others in the pews and pulpits are sounding the call, since they feel parental involvement is critical to the future of the church's youth...and hence the future of their churches.

It was said in the 80's that it wouldn't be too surprising to see Korean, African or South American missionaries coming to the U.S. in the 21st century.

I'm not sure if that is fitting – according to the "Gospel according to Pilate" – but it may or already be happen(ing).

Anderson will give ordinary folks a voice



Reactions differed when two politicians announced their campaigns for different offices.

When Westland Mayor Bob Thomas announced his candidacy for 12 district county commissioner in the Aug. 8 Democratic primary, political junkies speculated on his motives.

Was he angling for more money? Now paid $90,000 a year, if elected commissioner he'd pull in a $58,000 salary from the county and a $60,000 Westland pension – almost a $30,000 raise for a part-time job with no attached responsibilities.

Was the McNamara machine preparing him to succeed County Executive Ed McNamara?

A new successor candidate was needed since many strategists feared that favorite Mike Duggan would be a hard sell, that second choice Cameron Priebe, while electable, would be too ethical. Wags speculate that neither drawback applies to Thomas.

Was the McNamara machine running him to settle a score with his opponent, 22-year incumbent Kay Beard, who votes her principles too much for the machine's comfort?

Nobody analyzed motives when Glenn Anderson announced his candidacy for the 18th state representative in the primary. Instead, many Westland citizens wondered how the city council could survive the loss.

Anderson was not only a perceptive legislator, he was accessible to everybody, able to master local issues, and willing to go to bat against the city's entrenched special interests.

The best example was his stance against the Central Western County Sanitation Authority's incinerator. In the face of pressure from area construction unions, who saw a couple hundred part-time jobs at stake retrofitting the old burner, Anderson was one of the few that added up the numbers and correctly saw that the project would bleed Westland homeowners four to five times the going rate for garbage disposal.

Or during the summer of 1999, when the incinerator was down and the city's garbage hauler couldn't find a place to dump 20 truckloads of household garbage other than the city's department of public services yard, which backs up to Ravencrest Condominiums, condo owners could only turn to Anderson (and Councilman Richard LeBlanc) for relief. Though the trash heap emitted a stomach-turning stench and attracted about 400 screeching seagulls, DPS would not respond until Anderson and Leblanc complained.

Same with the Norwegian rat infestation in the Merriman-Cherry Hill neighborhood. During the weeks when the city administration ignored pleas from two mothers who demanded protection from the razor-tooth disease-carrying vermin, only Anderson and LeBlanc responded. Eventually the pair helped the mothers jolt the administration and council into action.

Though a minority council member, Anderson drafted Westland's first drunk driver cost recovery ordinance, Westland's first hazardous spill cost recovery law, and Westland's first vicious dog law.

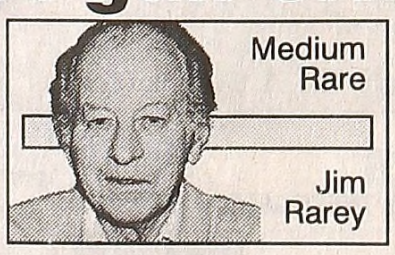
He successfully pushed for tougher building standards for developers, fought against the placement of a halfway house in Westland, pushed for Westland's library, and supported training paramedics in advanced life support.

If elected state rep, he promises to legislate for the little guy and gal, not the corporate suit. He backs strong consumer protection, prescription drug coverage for low-income seniors, a patient's bill of rights, fair distribution of school tax dollars, and financial assistance for in-home nursing care for grandma and grandpa.

Anderson's proven accessibility and his track record as a problem solver convinces me that he will be that rare legislator who will give ordinary folks a voice.

Be heard, vote Anderson.

How to get gun criminals behind bars



In the acrimonious debate between the National Rifle Association (NRA) and federal law enforcement officials over gun control, both sides may be missing a key component in the problem.

The NRA argues that the low prosecution rate by federal officials of gun violations supports their contention that there are enough laws on the books. Strict enforcement of existing laws, they say, would go a long way toward reducing the incidence of violent crimes involving guns. Federal officials counter their low prosecution statistics with the claim that most gun violations are prosecuted under state laws.

There is some truth to both claims.

Crime statistics clearly show that there are substantially more arrests, prosecutions, and convictions of gun violations under state laws than are prosecuted under federal jurisdiction. However, that is not the complete story. The missing component is the sentencing of those convicted under state laws.

Detroit News reporters George Hunter and David G. Grant revealed some shocking statistics in a background piece on the murder of a young off-duty female police officer in Detroit last week. The alleged cop killer was on probation (with no jail time) for a conviction last September of possession of four illegal weapons.

The reporting duo went on to reveal that of the 438 murder convictions obtained in Detroit in 1997 and 1998 (the last years for which statistics were available), 114 or 26 percent had one or more weapons violations convictions for which no jail time had been served.

The killer of another police officer in 1998 had a prior weapons conviction. His codefendant (still awaiting trial) has four such convictions on his record. Neither had served one day in jail for those crimes.

Under Michigan law most weapons violations are felonies, which carry a penalty of five years in jail and/or a $2,500 fine (plus court costs). The News article quotes Detroit law enforcement officials as saying jail and prison overcrowding means few illegal firearms offenders in Detroit spend time behind bars.

It is rare that Detroit judges mete out both jail time and a fine for weapons violations. Evidently most penalties consist of fines and/or probation. However, there is a perverse incentive for Michigan judges to favor fines over jail time. A portion of monetary assessments goes into the state judicial (judges') pension fund.

Must begin compromises on Westland council rules

I would like to thank those participants of the July 17, 2000 Westland City Council meeting for their cooperation. The decorum most showed by their willingness to adhere to Council rules established back in 1994, was to their credit and to the credit of our great city. It is not always easy to yield the floor, regardless of rules, when you are passionate about your subject. Still, overwhelmingly the citizens of Westland did yield and in the process spoke volumes for themselves and our community.

As many already know, the Westland City Council is preparing to review the very rules and regulations which were enforced the evening of July 17, 2000. These are 'Council" rules which have been in effect for over six years and not the rules of any individual person. As anyone can appreciate, rules of conduct and decorum are an essential element to the peaceful and efficient conduct of the city's legislative business. It is for this reason that I had asked weeks ago for them to be discussed openly, with public participation while being cable cast for all residents to see and hear.

Of course, a key to the success of any legislative body of government is its willingness to compromise. So it was last Monday evening when we decided unanimously to refer the issue of rules to a small subcommittee and then a council study session. As I remarked at the time I agreed to support the motion to refer the item, there is little to be gained by extensive debate at this stage of the process. Adoption of Council Rules and Regulations will undoubtedly require compromise from each member of the council, we might just as well begin now. However, for those I have discussed this issue with at length, my strong feelings concerning public participation have not changed. I only wish to move forward and feel this is a reasonable way to do so.

Still, an open debate would have allowed greater citizen participation and did seem to have the favor of colleagues, Mr. LeBlanc and Mr. Griffin. What this means is that citizens watching at home will not be able to hear the debate for and against each issue, nor will they be able to recognize each council persons perspective as to why they do and don't support them. Those who have compromised much and those who have gained position by debate and the reasons for each will go largely unknown. I look forward to the conversation all the same but feel the community would have rather had it otherwise. Would the conversation have occurred the first time it was on the agenda, and not postponed, we may have had that opportunity.

Finally, to those veterans who arose in support of those violating the existing rules. Your voices were well heard by me I assure you. At no time do I desire to infringe upon the rights of any person, especially one who fought so that I might have those rights in the first place. Rather, my focus was to preserve those rights. As has been said so many times, for all its imperfections our system of government is still the most successful, history has proven that point better than I ever could. The greatest respect I can show you and the sacrifice you made, is to allow each and everyone equal treatment. Giving way to those that bully their way past the rules or think regulations don't apply to them is entirely in contrast to our way of life and the very laws you fought to protect.

Sincerely,
David R. Cox
President Pro-Tem
Westland City Council

Clarification: Recall group stands together

Letter to the Editor:

I wanted to clarify a recent statement attributed to me, due to not knowing that I should have put not for print on an email, it wasn't clarified as to its meaning.

The quote "Mario and I are tired of standing up alone to these thugs," was in response to our many attempts to get law enforcement to make those that are threatening us STOP. Each time a legitimate complaint is filed, there is one reason or another that there is nothing that can be done.

It in no way has anything to do with people involved in the recall with us. I thank God for those people, and have said it many times in print and at council meetings. Without them, Mario and I both would not proceed, and could not proceed. Anyone who believes that a recall of this magnitude can be done by two people wouldn't be thinking clearly. We have made many friends, and will cherish those friendships long after this is over.

All of these things are meant to halt the recall. Yet again, threats and intimidation will not deter us from our goal. These men have sat at council meeting after council meeting and declared that they are not afraid of this recall. They make statements as to their support in this community, and how we will not be able to recall them. Yet, they use every means available to stop what they are NOT afraid of.

Our constitution guarantees the people of each community the right to hold their elected officials accountable. They seek to take that right from us. If they have nothing to fear from the election, if their support is unwaivering and collective, then they do have nothing to fear, BUT if it is as we perceive it to be, they will be removed from office. It is called freedom, and the right to have a voice in your government.

There were sixty-six of us who circulated petitions on Mrs. Scott, there are a dozen more who helped with phone banks, and driving. We are proud of what we have accomplished, and I am proud of all of those who stuck with us.

Mrs. Greenfield was correct when she said, "We are going to do this." Despite all that was thrown at us, we did succeed. We will succeed with the men. We did it as a group, we will continue to do it as a group. All for one, and one for all. No individual can do it alone. Teamwork!

If you want to be a part of this proud and hardworking group, if you want to help remove Griffin, Cox and James from office, if you demand accountability from your elected officials, and the respect that is due the citizens of this community, join with us. Call 729-2805. The feeling of contributing and doing something is overwhelming. There is a light at the end of the tunnel!!!

To Marian, Deane, Bobbi, Judith, Pat, Chris, Georgia, Rosalie, Joe, Jim, Debbie, Lenny, Judy, John, Larry, Roger, Bill, Roger, Elaine, Delores, Anna, Howard, William, Sandra, Paul, Bud, Jan, Helen, John, Betty, Carol, Mrs. Buza, Mrs. Miller, Mr and Mrs. Deeter, Mr. Habel, Mrs. Mitchell, Mr. and Mrs. McMillian, Chuck, Judy II, Normie, Anita, Bessie, Lida, John, Victor, Jacqueline, Angela, Mr. and Mrs. Peterson, Bobby, Dorothy, Cheryl, Lois, Suzanne, Mary Rose, Joanne, Francis, Melvin, Ronald, Mark, Andrea, Dennis, Debbie II and all of those who stood in support, and signed, a thank you from the bottom of my heart. As you see, this isn't standing alone, this is standing united! I admire and respect each and everyone of you. Now let's get out and there and get the job done again!

A Beautiful Smile

Q: What are some of the options available to give me a beautiful smile?

A: At Newburgh Heights Dental, we have many options available to you. For example, you may have chipped or badly worn from teeth. Well, one of the best ways to fix that is by placing veneers on the teeth. Veneers are thin porcelain facings, similar to a false fingernail, which are bonded to the front of the teeth and give you an instant beautiful smile.

Others may have crowded or crooked teeth, but think that they are too old for braces. Nothing could be further from the truth. The fact is that more and more adults today are getting braces to correct problems that for one reason or another were never corrected when they were young. We have an orthodontist who can work with almost any mouth.

Other options available are bleaching (teeth whitening), bondings, bridges, crowns, and implants. At Newburgh Heights, we have what it takes to make your smile beautiful. So why not take that step and do something you have been thinking about for a long time. Call today for an exam and a personal consultation.

State Metro Airport audit says crime committed

To the Editor:

As a candidate for Wayne County Prosecutor, I bring to your attention that the state Auditor General's Preliminary Review Dated July 3, 2000, on Metro Airport contractors -- which news accounts have called "scathing" – indicates that officials of the NcNamara/Duggan administration may have violated the state's Safe Keeping of the Public Fund's statute, which carries a fine of $1000 or a sentence of up to 2 years in state prison.

As the former president of the commission which drafted the Wayne County Charter, I know that Budget Execution Instructions are a mandatory part of every Wayne County Appropriation Ordinance.

According to the state Auditor General, under the County's Budget Execution Instructions since at least 1994, airport subcontracts awarded without competitive sealed bids or whose costs are reimbursable by the County are not authorized unless they receive the County Commision's prior approval.

However, the Airport has apparently disbursed millions of public dollars on Airport subcontracts which were not submitted for the County Commission's approval and authorization.

The Auditor General also found that the Airport paid parking contractor invoices without checking the reasonableness of subtractor expenses.

The Deputy Executive told the Detroit News, "What can I say? We screwed up."

But it's far worse than that. MCL 750.490 states: "Any officer who shall...issue any warrant, order or certificate [for the disbursement of public funds]...for a purpose not authorized by law shall be guilty of a misdemeanor" punishable by up to 2 years in prison or a fine of $1000.

Since the state Auditor General is not expected to complete his audit of Metro Airport until after the election of a new prosecutor, whether these responsible for unauthorized disbursements will be held accountable, or whether the whole Airport mess will be swept under the rug, depends on whom the new prosecutor is.

If the voters elect Mr. Duggan and turn the Prosecutor's Office over to the County political machine, the Airport mess will undoubtedly be swept under the rug.

If he is Wayne County's next Prosecutor, he will get to the bottom of the scandalous mishandling of public funds at the Airport, even if it takes a grand jury petition. No one is above the law.

Checks and Balances are still essential to honest government. I cannot imagine a case that better demonstrates the folly of letting a political machine take over the Chief Law Enforcement Office that the Metro Airport mess.

Sincerely,

George Ward
Chief Assistant Prosecutor

Trailer park resident objects to paying water and sewer fees

To the Editor:

I am a widow of 76, living in Holiday Estates Mobile Park.

I lived here for 14 years and each year our rent has been raised. To pay for park upkeep, Mr. Futernich says.

Nonsense, I say. We keep up our plot that we rent ourselves. House, grass, etc. Now, our landlord has outdone himself in cleverness. He demands we pay water and sewer bills.

We are renters, not property owners. He owns the property, just as an apartment complex owner does. Will apartment renters have to pay water bills, too? Ad rented houses, too?

This doesn't seem fair to me. Is this legal?

I'm writing to my congresswoman to find out, and complain. The people are like sheep, doing what they are ordered. You will probably get no letters but mine about this. It's the same with so many issues - complete apathy about anything that doesn't concern them directly.

Childish behavior shouldn't be tolerated at council

Dear Editor:

If we are all created "equal," then why does Deborah Hessler-Davis feel she should be given special treatment at the Westland City Council meetings?

If she were a child, her poor behavior would not be tolerated. She would certainly be sitting in the corner much of her day.

If she didn't spend all of her time and energy trying to find out how, We the Citizens, are being "screwed" by the City of Westland administration and spent more time working on her social skills, she might go farther in life.

And be a happier person for it.

Sincerely,
Ashley Reid

Court workers unwelcome

To the Editor:

The lawn service contracted by Holliday Park Townhouses Cooperative in Westland, is staffed by individuals from Westland's district court. However, these are not ordinary citizens.

They have allegedly committed a crime and have been sentenced to community service as a result. Tell me something: given the back ground of these individuals, is it any wonder that two cars have been stolen from the property in the last week.

Concerned.

Happy Adams resident praises management

To the Editor:

I would like to address my remarks to all of the residents of Westland. I reside at the Adams Senior Village, and unlike all of the things that you have heard to the contrary, everyone that lives here is not unhappy.

I have a very nice apartment, and I really like it.

I'm sure there have been some problems, as any new development experiences. But they have been and are being corrected as they come up. Mrs. Makino is doing her best to see that all of the problems are taken care of to the residents' satisfaction.

Thank you for this opportunity to voice my feelings without fear of threats and harassment.

Sincerely,
An Adams Sr. Citizen Resident

Westland clerk validates Scott recall signatures

Councilwoman has until Aug. 4 to mount challenge

By IVAN HELFMAN
MCN Staff Writer

Recall petitions against Councilwoman Sharon Scott barely made it past Westland City Clerk Joann Seaberg. The clerk's office invalidated 1,001 signatures of the 6,053 submitted. No reasons were given.

But the office validated 5,052 registered Westland voters, 55 more than the magic number of 4,997 signatures required by the Wayne County Elections Division for a recall election to be scheduled, tentatively Oct. 3.

"Heavens, this is not over," said Scott. "We still have challenges we call file."

Scott has until Aug. 4 to challenge the signatures. Signatures may be eliminated if the signers aren't registered, live outside Westland, or signed the wrong date.

Scott's attorney, Gene Farber, has asked county election workers to re-figure the number of signatures needed to call for a recall election against Scott.

"My position is that based on the votes for governor, 5,012 signatures are needed," Farber said. "The city had recorded another 60 write-in votes that weren't included in the calculation."

Under the formula, 25 percent of the votes in the last gubernatorial election are required. The extra 60 signatures would increase the magic number by 15 signatures, from 4,997 up to 5,012.

CHARTER TOWNSHIP OF VAN BUREN

REGULAR BOARD MEETING MINUTES JULY 18, 2000

Clerk King called the meeting to order at 7:30 p.m. in the Board Room. Present: King, Budd, Clark, Hart, Herman and Rochowiak. Absent and excused: Foster. Other in attendance: Director of Development Kelley, Coordinator of Development Miller, Recreation and Facilities Director Ross, Parks and Lake Director Cipko, Environmental Coordinator Ballard, Public Safety Director Perkins, Executive Assistant Ireland, Secretary Payne and an audience of forty-nine (49).

Budd moved, Clark seconded to appoint Clerk King to serve as Board Chair to conduct the meeting due the absence of Supervisor Foster. Carried.

APPROVAL OF AGENDA: Budd moved, Hart seconded to approve the agenda with the following corrections, Under "New Business" Item 14, add item (b) "Consider approving the purchase of additional hardware and software applications necessary to the system requirements from HTE with a cost not to exceed $400,000;" and Item 15, correct the parcel numbers to read: V-125-83-105-99-0072-0000 and V-125-83-105-99-0073-000. Carried.

PUBLIC HEARING: Hart moved, Clark seconded to open the public hearing to consider the special approval use request from Trinity Episcopal Church to construct a 3,966 square foot expansion on parcel number V-125-83-086-99-0028-002, 11575 Belleville Road. Carried.

Clerk King state the subject property is zone R-1B, single family residential, and churches are permitted in this zoning district with special approval use. The purpose for the construction is to expand the current educational wing and make significant improvements to the site.

Coordinator Miller stated the applicant will make significant improvements to the site including bringing the parking spaces in compliance with the Zoning Ordinance [the church currently participates in a parking agreement with the neighboring property owner to the north for additional parking]. Landscaping on the site will be brought up to site plan requirements for buffering in residential districts as well as providing aesthetic enhancements. The special approval use request has been recommended by the Planning Commission, township planning consultants and township engineers.

There being no additional, comments a motion was made to close the public hearing.

Clark moved, Budd seconded to close the public hearing. Carried.

Hart moved, Rochowiak seconded to open the public hearing to consider the adoption of the Parks and Recreation Master Plan. Carried.

Clerk King state the proposed Recreation Master Plan is for five years and serves as a guide for planning appropriately for parks and recreation facilities. Director Ross, Director Cipko, and the Recreation Committee have recommended the plan. The plan was completed with the assistance of consultant Vic Chaisson, Associate Professor at Eastern Michigan University, The Recreation Committee and Planning Commission held a joint meeting to discuss the Recreation Master Plan and both have recommended it for approval by the Township Board.

Director Ross stated the Recreation Master Plan before the Board is for the years 2000 through 2004; and include a community description, the administrative structure of the department, a recreation inventory of facilities within the community and a capital improvement plan. He said the Township Board must adopt a Recreation Master Plan for the Parks and Recreation Departments to be eligible for grant funding. He further stated the Recreation Master Plan would give the Parks and Recreation Department sound direction for the next five years.

Mr. Chaisson stated that in addition to capital improvements, the Recreation Master Plan covers programming, agency cooperation, and is a directional tool for the next five years and is required to be updated every five years by the Department of Natural Resources.

Clerk King further stated the Recreation Master Plan has an action plan that sets forth objectives for the Parks and Recreation Department including expansion for the Quirk Park facilities for multi-age use with the inclusion of soccer fields, walking paths, and a picnic area. A proposal for Van Buren Park includes a picnic shelter with a restroom facility and other objectives include the need to purchase open space for preservation and future development.

A resident stated she has reviewed the proposed Recreation Master Plan against the previous Plan prepared by Wade-Trim and adopted in 1992. She stated most of the language is the same in both plans, however, the current plan drops the "standards" for neighborhood parks as set forth in the Wade-Trim plan. The prior plan had neighborhood parks of six to ten acres for every 1,000 residents with the township broken into approximately 15 to 18 segments. In addition, she discussed the manner in which the surveys were sent to residents, the low number of respondents and how the information was incorporated into the Master Plan. She further stated no joint meetings were held between township officials and school administrators for use of their facilities for programs as indicated in the previous Plan. She thinks the new plan is not as good and should be rejected. In addition, she suggested that publicity for public hearing was inadequate and should have been in the *Lake Ledger* and on the bulletin board of VBTV-12.

Clerk King stated the resident is correct that both the prior and proposed Recreation Master Plan are using the same demographic information which is base on the 1990 U.S. census data. Regarding neighborhood parks, "passive" recreation areas are now being incorporated in site plans brought before the Board. In addition, the deadline for submission of the *Lake Ledger* for printing may have prohibited in the information from being included. Clerk King stated that although response to the survey was low the information is still of value and reflect the opinions of the community. Finally, Clerk King stated that public hearing should be placed on cable, however, the notices of Recreation Master Plan public hearings were published in the local papers following the intent of the law.

Vic Chaisson addressed comments made regarding the "standards" not incorporated in the proposed Recreation Master Plan. He stated they are the criteria outlined by the National Recreation and Park Association publication *Community Recreation Planning*. The Department of Natural Resource creates the "standards" and reviews the Plan so it would seem to be redundant to include them.

A Recreation Committee member stated the proposed Recreation Master Plan before the Board falls short of his personal goals for the department, however, it is a step forward and acknowledges the need for expanding recreation programs for a changing community and this plan provides a basis on which to proceed. He further stated the submission of a grant application for the Quirk Park Project is the first time we have reached out and agreed that there is a need for neighborhood parks.

Trustee Clark recognized the efforts of the Recreation Committee stating they represent a good cross section of the community, are hard working and she has been fortunate to serve as a member of the committee.

Director Cipko stated he attended a recent meeting on the Amenities Plan; and even though the turnout for that meeting was very low, the Amenities Plan shares some goals and objectives with the Recreation Master Plan. The two plans are similar with regards to improvement of community facilities, preservation of open space and the need to acquire open space in appropriate areas of the community. In responding to the concerns of the resident, he said the Recreation Master Plan does not specifically point to a specific lot or parcel of land in any segment of the community., but rather sees the need to have open space in each corner of the township and the Recreation Committee wants to be in a position to acquire land in the community should the opportunity arise.

Trustee Hart stated the work of the committee cannot be overlooked and residents of Van Buren have Directors and Board Members with a passion to implement this plan, write grants, and follow through on the recommendations in the plan.

Trustee Herman stated this is the final of three public hearings held regarding the Recreation Master Plan and the proposed plan has been reviewed by the Planning Commission twice. People have been asked for input and notices have been placed in area newspapers to receive input. He stated an adopted Recreation Master Plan allows us to pursue grant funding. He stated there was a time when the Planning Commission shied away from neighborhood parks because they were unsupervised, and often unkempt. The Planning Commission has now changed its view and looks for open space when reviewing proposals, and that many new subdivisions follow condominium rules as they pertain to parks, sidewalks, storm water maintenance and streetlights, which sets aside funding for the maintenance of those areas.

The resident asked if the "standards" left out of the proposed plan would be inserted. Clerk King stated they are already components of the plan, but they could be inserted as and addendum.

Recreation Committee Chair Kennedy stated if the Board wanted to add the Department of Natural Resources standards into the proposed Recreation Master Plan as an addendum it was acceptable to the Recreation Committee.

There being no additional comments, a motion was made to close the public hearing. Carried.

Rochowiak moved, Herman seconded to close the public hearing. Carried.

Budd moved, Clark seconded to approve adoption of Resolution 2000-28, the Intergovernmental Agreement between the Charter Township of Van Buren and Wayne County for the paving and resurfacing of Bemis Road from Sumpter Road to Rawsonsville Road. Roll Call Vote: Yeas: Clark, Hart, Herman, Rochowiak, King and Budd. Nays: None. Absent: Foster. Carried.

Herman moved, Clark seconded to approve the first reading Ordinance 7-18-00, to adopt an amendment to the Zoning Map, a part of Ordinance 6-2-92, as amended, to rezone a portion of parcels [V-125-83-041-99-0001-001 and V-125-83-041-99-0001-713], located in Section 11, from C-1 (general business) to M-1 (light industrial) with all land further than 570 feet from the Haggerty Road right of way proposed as M-1 and the balance of the property to remain C-1. Carried.

*(A synopsis of the Ordinance follows the minutes. A complete copy is available for review in the Clerk's Office during regular business hours Monday through Friday.)

Clark moved, Budd seconded to approve adoption of Resolution 2000-29 granting Media One a Telecommunications Permit. Carried.

Herman moved, Clark seconded to approve adoption of Resolution 2000-30 granting CenturyTel a Telecommunications Permit. Carried.

She requested that documents related to public hearings be place at the library and/or the Chamber of Commerce for review by the public. She requested that the notice on VBTV-12 asking residents to contact Wayne County for environmental issues be changes to our own Environmental Department telephone number rather than Wayne County. She also stated the Recreation Committee may want to consider the opening of Van Buren Park to the public rather than having a "closed" [residents only] park, thereby making it eligible for public funding and freeing township monies for neighborhood parks. Finally, the resident inquired about the deadline and signature requirements for Qualifying Petitions to run for public office without party affiliation. Clerk King stated the deadline is July 20, 2000 at 4:00 p.m. and that the resident should contact the Clerk's Office for the number of signatures required.

The resident also requested Director Perkins to direct the organization C.H.I.P.S. (Citizens Helping to Improve Public Safety) to respond to her request for information. Clerk King responded that C.H.I.P.S. has a Board, is not governed by this Board, and inquiries such as this should be directed to the C.H.I.P.S. Board.

EXECUTIVE SESION: None

ADJOURNMENT: Clark moved, Rochowiak seconded to adjourn at 9:53 p.m. Carried.

Respectfully submitted,

Cindy C. King, CMC
Township Clerk

Westland wins state b-ball title

Champs advance to Joliet

By TOM MOORADIAN
MCN Staff Writer

Calling it a "complete team victory", Westland Bronco Club manager Tony Horning and his team returned from the Grand Ledge on Sunday with the state baseball title in the Bronco Division and a berth for the regional playoffs.

"It was a complete team victory," said Horning. "Each and everyone of our players contributed to the success of this team."

With the state title in tow, Horning and coaches Gary Greene and Greg Pitt will be getting their team ready for the upcoming regional championship. The regional will be staged this week in Joliet, Indiana.

The regional champ will represent the Midwest at the Bronco World Series which is scheduled to be played next week in Monterey, California.

> *Each and every one of our players contributed to the success of this team.*
> - Tony Horning

Although Westland has played for a regional title before, it has never sent a team to nationals in the Pony Division.

Behind Ken Kalamick's superb pitching effort against a tough Tri- Village ball club, the Westlanders sealed the state title with a hard- fought 9-4 victory in the finals.

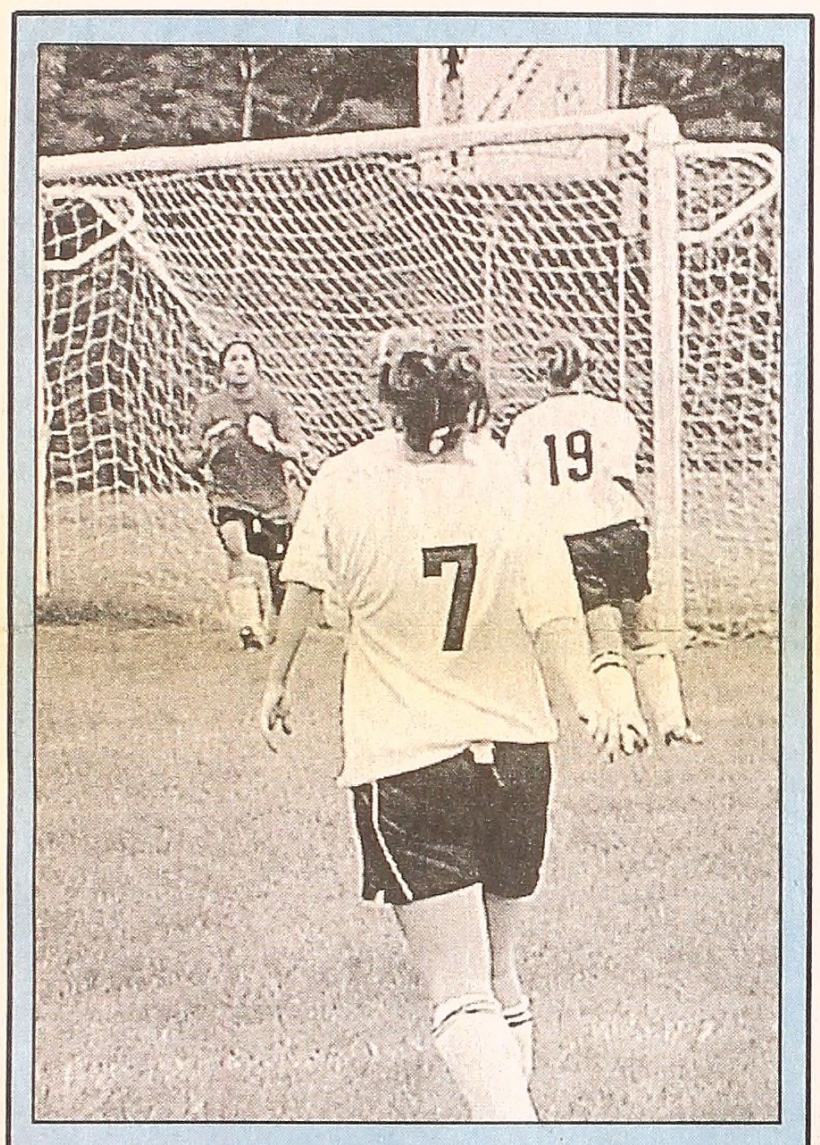
The 12-year-old pitcher went the distance. He also received ample support from his teammates, who had strung together victories over the Lakes, 2-1, in the first round; hammered Garden City, 18-6, in the second round and edged Tri-Village, 17-16, in the semifinals thanks to homers by D. J. Tracy and Jon Herendeen.

Herendeen was the winning pitcher in the 2-1 thriller over the Lakes.

The Westlanders pounded 12 homers in three games to win the district title the week before in a tournament hosted by the Westland Youth Athletic Association.

In the district finals, Westland buried the Lakes 22-12 to qualify for the state playoffs. In the title-game, winning pitcher Earl Martin helped his own cause with a pair of homers as Westland pounded out seven roundtrippers.

Members of the Westland Broncos ball club have a good reason to celebrate - they captured the state title in competition held over the weekend in Grand Ledge. Westland will travel to Indiana this week to compete for the regional crown and a shot to play in the World Series.



A net reminder

High school fall sports will get off to an early start this year as the Michigan High School Athletic Association, the state's regulatory body governing prep sports, unveiled its calendar for the fall season. Coaches may begin football practice on Aug. 7, with the inaugural game of the season slated for Aug. 24. In the meantime, girls' basketball, cross country (boys and girls), soccer (boys), swimming and tennis may begin their practice sessions on Aug. 14, while golfers may officially begin practice sessions on Aug. 10.

Twisters win season opener, 37-6

They'll open home stand Saturday

It was an excellent way to begin a football season.

And the way Glenn Brothers' Twisters did it was by burying arch- opponents, the Motor City Cougars, 37-6, in a LakeShore Semipro Football League game.

"We completely dominated them," said Brothers afterward. "Our guys got the job done early, and everyone had an opportunity to play."

> *Our guys got the job done early, and everyone had an opportunity to play.*
> - Glenn Brothers

The Twisters, who have made a name change this year, are presently known as the Michigan Twisters. They'll open up the home phase of the 2000 season Saturday under the lights (7 p.m.) at Willow Run High School Stadium. They will entertain the Tri-County Mustangs, a team out of Fremont, Ohio.

Tickets are available at $5 for adults and $2 for students. (Willow Run High's Devlin Field is located on Holmes Road, between Spencer and Midway Blvd.) Seniors, 60 and older, are admitted to Twister games for free.

Against the Cougars, the Twisters got down to business early as quarterback Rob Elswick combined with rookie Rog Frazier on a 20-yard pass completion. After the catch, Frazier pivoted around the defender and went the remaining 17-yards into the end zone for the first Twister TD of the season.

Less than two minutes into the second quarter, Elswick struck again. This time he found former Romulus High star, Reggie Brandon, sprinting undetected across the middle of the Motor City line and fired a 20- yard pass that Brandon grabbed and he continued on his way until he completed a 44-yard pass-run touchdown play.

Before the end of the half, Jason Gibson also put the Twisters on the board as he raced 65-yards to the one-foot line before he was tackled.

On the ensuing play, Elswick used a sneak to get over the Cougar goal line.

Chuck Petitpas booted all three of the first-half extra points.

The Twisters continued to add to their lead in the second half. In their first series, Gibson broke loose and ran 36 yards for a touchdown and Petitpas again kicked the point-after, turning the game into a 28-0 rout.

The Twisters' defense set up the next touchdown as Steve Rakowski blocked an attempted Cougar punt that eventually was turned into a safety.

With six minutes left in the game, the Cougars managed to avert the shutout when they completed a seven-yard touchdown pass that capped a midfield drive.

The Cougars attempted an onside kick, but the Twisters managed to recover the ball at midfield and nine plays later, the Twisters finished off the 46 yards for their final touchdown with back-up quarterback Lavelle "Swivel Hips" VanHorn dancing 12 yards into the Cougar end zone thanks to blocks provided by Aaron Williams and Keith Curtis and John Gadja.

The point-after was completed by Petitpas.

The Twisters amassed a total of 146 yards on offense and 268 via their passing game. Gibson led all rushers with 133 yards on 11 attempts, while rookie running back Frank Niscoromni managed to make three catches for 54 yards.

Defensively, the Twisters allowed only 22 yards rushing on 23 attempts and 81 yards passing, on a 12 of 29 performance, for a total of 103 yards.

The Twisters received an outstanding effort on defense from AFA All- American Aaron Brothers, out of Canton, and Robert Pensari, also from Canton. Each had nine unassisted tackles and a sack.

Matt Graca, James Chapman and Eric Thompson also stood out for the winners.

Benninger sets WSGA golf pace

Westland golfer Carolyn Benninger shot an 82 at Marion Oaks Golf Course to earn medalist honors in the First Flight of the Women's Suburban Golf Association tournament.

Benninger had a 11-stroke cushion over Redford Township's Nancy Wilkie, who finished runners-up in the flight.

In the duel for top honors in the Low Net flight, Jan Antieu survived a late charge by Livonia's JoAnne McVicar to lead the field. Antieu carded a 70, while McVicar was two-strokles back.

In the meantime, over in the Second Flight, there was a tie for first place between Bernie Evans and Mary G. Stefanac. Both competitors turned in 89s, while the runners-up in that flight were two Wayne golfers - Pat Henke and Mary Allen - who toured the course with 101s.

Dearborn Heights' Pat Wilson surfaced in first in the Low Gross, Third Flight battle.

Mary A. Kraft, also from Dearborn Heights, placed second with 102.

In the Low Net battle, Dorothy Cortes claimed medalist honors thanks to a 70, which was three strokes better than the second Now Net score carded by Farmington Hills' Dorothy Cody.

Canton soccer star to attend Olympic camp

Canton's Cindy Bennett has been selected to the United States Youth Soccer Association Region II Girls Olympic Development Pool Team in her age group.

Bennett was selected by regional and national coaches at the regional camp staged in DeKalb, Illinois last week.

At the camp, the top 18 players from each of the 14 Midwestern states competed for selection to the Poll Team. Only 30 players were selected in each age group.

Cindy is the daughter of Loren and Terry Bennett. She is presently a junior at Belleville High School. The budding soccer star is also a member of the Hawks Soccer Organization, coached by Tom Coyne of Livonia.

According to Bonnie Skover, Regional Administrator for the Olympic Development Program, "...being selected to the regional pool is a major accomplishment.

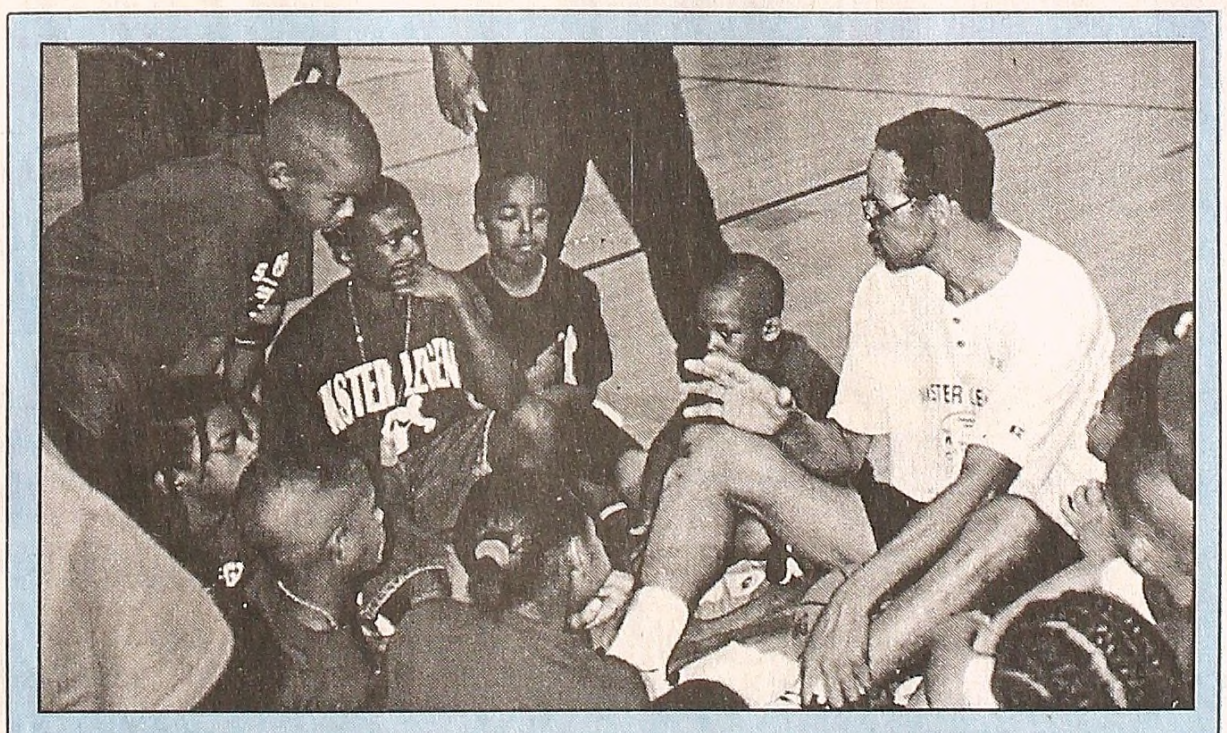
"Cindy will be observed now and in the future for possible selection to a United States National Team. Some of these players have gone on to win Olympic Gold Medals in 1996 and are represented in the Women's World Cup Team."

Mustangs ousted

It just wasn't in the books for the Westland Mustangs.

After two impressive victories at the state championships, the Mustangs dropped back-to-back decisions to The Lakes by identical 5-1 scores over the weekend and were eliminated from the state playoffs.

The Mustangs won two games to reach the finals.



Hoop camp attracts hundreds

Former prep and collegiate hoop star Victor Diehl (seated) is surrounded by future prep stars who participated in The Legends '99 basketball camp. The Legends, a group of former local and area basketball greats, will be hosting its third annual camp the weekend of Aug. 4 and Aug. 5 at the Booker T. Dozier Parks and Recreation Department. The recreation center is located on Middlebelt Road, about a quarter-mile north of Michigan Ave. Fred Smiley, an All-American out of Northwood Institute, whose efforts brought the ex-stars together to help put on the camp, says that the camp attracted more than 200 children a year ago, and he anticipates that record will be broken this year. There is still time to register. Breakfast and snacks will be served to the participants, Smiley notes. There is no registration fee.

Tennis tourney dates set

Officials of the Inkster Parks and Recreation Department announced this week that they are seeking tennis players for the city's 22nd annual Open Tennis Tournament.

The tournament will be conducted three days, beginning Aug. 18 and culminating with the championships scheduled for Aug. 20.

Over the years the tournament has attracted huge participation by local, area and out-of-area tennis players. A year ago, more than 100 players competed in the single and doubles competition for men and women.

There is also Junior Division competition.

Portia Dickson, a recreation staff member and tournament coordinator, is the contact person for more information. She can be reached by dialing 734-728-7530.

Sports Beat

Here's what is happening on the **Sports Beat** this week:

Glenn golfers hold meeting

John Glenn High School varsity golf coach Dan Burtka announced this week he will be holding an organizational meeting for prospective players at 10:30 a.m. on Aug. 11 at the high school.

"Anyone who is interested in trying out for the boys' fall golf team must attend this meeting," Burtka stressed.

The Rocket coach added that the Rockets will conduct the team's first practice at 12:30 p.m. on Monday, Aug. 14 at Fellows Creek Golf Course.

Fellows Creek is located on Lotz Road, off of Michigan Ave., east of the I-275 Expressway.

Wayne to host soccer camp

Wayne and Garden City parks and recreation departments are holding a Therapeutic Soccer Camp for children between the ages of 6 and 10 years old.

The program is for children with impairment disabilities, their siblings, family members or friends who would like to play or participate in the program. The dates are Aug. 21 though Sept. 26.

There is a $2 registration fee for residents; $4 for non-residents.

All registered players will also be invited to a Detroit Rockers' Team One Day Mini-Camp. The camp is scheduled for Sept. 6, and each player will receive an award.

Interested persons should contact Michelle Borg at 721-7400 for additional information.

Canton Soccer camp dates set

Soccer also will be the name of the game in Canton Township where Christ Our Savior Lutheran Church will host a Soccer Camp for children, ages 5 to 11, starting on Monday, July 31.

Camp officials say the camp will run from 6:30 p.m. to 8 p.m. through Thursday, Aug. 3. Instruction is geared to help the beginner and intermediate players develop proper playing skills and in-depth knowledge of the game.

Registration fee is $20 per player, and the fee is payable at the time the participant signs up.

The camp will offer each player the fundamentals of the sport, soccer materials, a t-shirt, and a soccer ball to take home.

Christ Our Savior is located at 46001 Warren Road, just west of Canton Center Road. For further information please dial 734-522-6830.

Fall baseball league planned

Total Baseball is sponsoring a fall baseball league starting Aug. 12 and running through Oct. 15.

The league will be divided into the following divisions: 11 and 12 year olds; 13-14 year olds; a division for prospective Junior Varsity high school players; and also Varsity (high school) players.

All the games will be played on the weekends.

League organizers note that "this is one of the largest fall baseball programs in the country. All high school rosters will be sent to the Michigan colleges and professional teams.

There is a $210 individual and $1,350 team registration fee, and $75 of the fee will be forfeited if the team cancels.

Playoff trophies are included to those teams that qualify.

Deadline to enter is Aug. 5. Total Baseball may be reached at 248-668-0166 for further information.

WYAA continues to sign players

Officials of the Westland Youth Athletic Association continue to accept registration from prospective players for the association's fall football program.

WYAA is accepting registration on Wednesdays and Saturdays for the freshmen, junior varsity and varsity squads.

Players, subject to weight guidelines, must be between the ages of 5 to 14. Players will be assigned either to the WYAA's Comets or Meteor teams.

Registration is being accepted at the WYAA Compound, located at 6050 Farmington Road, two blocks north of Ford Road. Prospective players may sign up between the hours of 7 to 9 p.m. on Wednesday, and 10 to noon on Saturday.

WYAA is also looking for cheerleaders for its two teams.

Interested persons who plan to have their children play for the Meteors are asked to contact Ken Smith at 728-9237. Keith DeMolay is the **Comets'** contact person.

It's that time of year again

The countdown for the Year 2000-2001 high school sports season has begun.

In preparing for the season, moreover, MCN Sports Staffers will also need our local high schools' calendars of events and urge athletic directors to either FAX (734-729-6088) or mail the schedules to: Michigan Community Newspapers' Sports Desk, 35540 Michigan Ave., Wayne, Mich. 48184.

Last call for men, women golfers

City titles are up for grabs

By TOM MOORADIAN
MCN Staff Writer

With the City Championship Golf Tournament little more than a week away, golfers who plan to compete in the summer classic are urged to register before July 31.

Tournament officials say that it is imperative that they receive entries so that foursome for the tournament may be set up.

The City Championship Golf Tournament, which has been staged continuously for the past four decades, will be staged the first weekend of August at the Woodlands of Van Buren.

Competitors will be playing for the city titles of the cities of Wayne, Inkster, Westland, Romulus and also Canton and Van Buren townships.

Tournament Director Jeff Rutter, Wayne Parks and Recreation Supervisor, who has served as tournament director, says that there should again be a "very competitive field this year.

"We have some excellent golfers who compete in this each year and we have those who come out just to play golf," said Rutter. "But, if you're planning to play, please send in your entry fees so that we can make up the foursomes."

The summer classic is open to all amateur golfers - men and women who live or work in the competing cities. The tournament is a two-day affair that will be staged Aug. 5 and Aug. 6

Rutter stressed that golfers outside of the designated communities who have traditionally been involved in the tournament may also compete, but they will be assigned to an Open Division.

Also, each city must have a minimum of six golfers or those entered in the tournament will be assigned to the Open Division.

"This tournament is based on the actual scores over the two-days of competition," said Rutter. "Golfers will be placed into flights based on their first day's scores. In the finals, we usually like to send off the first-round leaders first."

Competitors who finish in the top three places in each of the divisions will be awarded trophies. In case of a tie for one of the trophies, those involved are invited to conduct a "sudden death" playoff to determine the winner of the trophy.

The top five finishers, both men and women, in the Championship Flights, may be eligible to compete for the state Recreation Golf Tournament Championship.

In order to be eligible to compete at state, the golfer must be a bona fide resident of the city he represents.

The state tournament will be staged on Sept. 16 in the city of Livonia.

There is a $75 per player entry fee. This fee covers the greens' fees for both days and the costs of trophies. However, the fee does not cover the rental of a golf cart.

Women from the designated area are also invited to compete in the tournament.

The 2000 City Golf Championships are sponsored by the Wayne Parks and Recreation Department; Westland Parks and Recreation; Westland Municipal Golf Course, and the Woodlands of Van Buren Golf Course.

Competitors who need further information are urged to contact Jeff Rutter at 734-721-7400.

Belleville to benefit from hoop tournament

If you're looking for some mid-summer hoop action, look no further than downriver.

That's where they'll be hosting a Gus Macker 3-on-3 Basketball Tournament.

Tournament officials are seeking teams from the area to go to the hoop and also help community mental health and substance abuse agencies. Those agencies are located in the cities of Belleville, Lincoln Park and Taylor.

The tournaments are staged to benefit the local non-profit agencies, such as Community Care Services (CCS), a branch of which is in Belleville.

More than 400 teams are expected to compete in the Aug. 19-20 event which will be staged at Heritage Park in Taylor.

"Downriver is extremely fortunate to be host of the Gus Macker Tournament again in Wayne County," said Gloria Florin, coordinator of the Downriver Gus Macker. "Last year the enthusiasm and support from the community was overwhelming."

The success of the event hedges on sponsors and volunteers.

Companies who sponsor the downriver tournament have their name emblazoned on courtside banners, and have other opportunities to advertise to the players and fans.

> *"Last year the enthusiasm and support from the community was overwhelming.*
> **- Gloria Florin**

Volunteers are needed to work as storekeepers. There will be activities designed for the non-playing family members. The pool, petting zoo, fishing pond, playgrounds and more will be available for the families that come to participate.

Players must register by July 28.

This three-week time line is required by Gus Macker to prepare team schedules and brackets according to age and skill. Tournament brochures may be picked up at the Taylor Recreation Center or Sheridan Center.

Teams may register on-line (www.macker.com), and other information may be obtained by calling Gloria at 734-671-1515.

Seniors on the go

MICHIGAN COMMUNITY NEWSPAPERS

Senior 'Fun Day' events are added

By AL POST
MCN Staff Writer

Last minute additions to Saturday's daytime "National Night Out" program in Romulus have been announced by Senior Center Coordinator Linda Norman.

The National Night Out program in the past in Romulus has been held during evening hours, Norman said, but this year has been switched to day hours on a weekend to entice more family members to get involved.

Norman said Romulus residents are being invited to join in the fun from 9 a.m. to 5 p.m. in the area of the Romulus Senior Center at 36515 Bibbins. The building also serves as the city's recreation center.

Free entertainment and carnival type games will be available including basketball shoots, dart throws at city officials and businessmen, duck ponds and a dunk tank featuring 34th District Court judges.

Free entertainment will include: Joe Moore and his saxophone from 11 a.m. to noon, Polynesian Fantasy Dancers from 12:30 to 1:30 p.m.; music provided by Jerry Frayer of Frayer Productions from 3 to 4:30 p.m. and the Romulus Cloggers from 4:30 to 5 p.m.

There also will be free hayrides sponsored by the Romulus Rotary Club and provided by Oscar Hamilton, and exhibits by the police and fire departments, K-9 unit and Detroit Edison.

> *Door prizes will be awarded every 30 minutes to persons on hand at the activities site.*

Free bingo games also will be offered from 4 to 6 p.m.

Door prizes will be awarded every 30 minutes to persons on hand at the activities site. In addition there will be free face painting at 10 a.m. and fortune telling from 3 to 5 p.m.

Sack races and hoola hoop contests also will be conducted at times to be announced later.

Raspberry dedication Saturday

By AL POST
MCN Staff Writer

The official dedication of the Jimmie Raspberry Neighborhood Park will take place at noon Saturday.

Debbie Dick, city recreation director, said the park is on Cyprus Road (just off Wayne Road) and formerly was known as Cypress Park.

Raspberry was the highest council candidate vote getter back in 1970, the first year the city held elections.

> *The official dedication will take place at noon Saturday.*

Raspberry thus was the city's first mayor pro tem and longest serving city councilman.

Because of his length of service Raspberry was known as the unofficial council "historian."

Andrew Rivers -- a friend of the Raspberry family -- will direct the cermonial proceedings.

Refreshments will be supplied by Wade Trim.

The park includes about two acres of land, including a basketball court, playground equipment and a picnic area.

Flag must not fly in darkness, woman says

By IVAN HELFMAN
MCN Staff Writer

While council considers its rules, a flag lover insisted that the city obey the rules for flying Old Glory.

"There are certain rules on ways of displaying the American flag," said Mariam Forrester, who explained that the flag not only represents a living country, it is considered a living thing.

"When city buildings fly the flag at night, it must be lit up by lights," she said, indicating that on patriotic events the flag may be displayed 24 hours, when properly lit."

PROPOSITION O - OPERATING MILLAGE RENEWAL

To renew the millage authorized in 1990, shall Wayne County be authorized to continue to levy this millage at the estimated 2000 rollback rate of .9627 (about 96 cents per $1,000 of taxable valuation) for ten more years (2000 through 2009), and proceeds used to continue existing County services, including programs for arrest, detention and prosecution of criminals, juvenile court and related services, public health, recreation, County parks, job training, senior citizen services, and programs for meeting medical needs of the poor, the disabled, and the aged? This renewal is projected to generate $35,914,278 in 2000.

YES 181 NO 183

PROPOSITION P - PARKS MILLAGE RENEWAL

To renew the millage authorized in 1996, shall Wayne County be authorized to continue to levy this millage at the estimated 2000 rollback rate of 2486 (about 25 cents per $1,000 of taxable valuation) for five more years (2001 through 2005) to continue to improve and operate several parks and related facilities, including major improvements to Hines Park, Elizabeth Park, Chandler Park and Fort Wayne on the condition that, for any year for which this increased levy would be imposed, Wayne County must budget from other sources an amount equal to its 1995-96 fiscal year appropriation for Parks? This renewal is projected to generate $9,274,218 in 2001.

YES 189 NO 191

The places of voting are as follows:

Precinct 1 and 2	WMHS Alumni Arena, 3001 Fourth St.
Precinct 4 and 5	Taft School, 4035 Gloria St.
Precinct 6 and 7	Hoover School, 5400 Fourth St.
Precinct 8	Roosevelt School, 36075 Currier St.

The polls for said election will be open at 7:00 am and will remain open until 8:00 pm on said day of election. Every qualified elector present and in line at the hour prescribed for the closing thereof shall be allowed to vote. Voting sites are wheelchair accessible.

Sidewalk Sale a 42-year-old tradition

By CAROL MARSHALL
MCN Staff Writer

Attention all shoppers: grab your checkbook and dust off your walking shoes; it's time to get down to some *serious* shopping business. The Wayne Sidewalk Sale days are coming July 27-29.

At least 25 businesses along Michigan Avenue, Wayne Road, and beyond will be offering the absolute best bargains around in goods, food and drink.

Wayne Chamber of Commerce director Donna McEachern says the sales, as well as the businesses in Wayne have been seeing a new vitality and renewed community spirit.

"Of course, people want great bargains," McEachern said of the shoppers who are drawn to the sales, "and there's a great deal of merchandise there at a bargain. But even more, there's the opportunity to get out and see people you haven't seen in a while. That's part of the fun of being in a small town."

And Wayne's recent downtown "face lift" makes the atmosphere even better. The lovely brick-paved sidewalks, adorned with trees and flower pots, bring back the small-town beauty and feel on which Wayne was built.

"Money is being spent and the results are looking good," McEachern said of the Wayne shopping scene.

Deals abound at the Wayne Sidewalk Sales.

"New businesses are attracted to the revived downtown area."

She adds that shoppers are increasingly flocking to Wayne for its eclectic shopping experience that offers everything from antiques, gifts and collectibles to home furnishings and jewelry, to garden supplies and hardware.

And let's not forget the food. The 25-cent hot dogs and Cokes at Northside True Value have now become famous throughout the Wayne area. "I think just about everyone in Wayne and Westland is fed by Northside at some point in those three days," said McEachern. For something a little more substantial, stop in at the Beehive for their special buy one meal, get a second at half off deal. And for a little something to wet your whistle, visit the Wayne Brewery for great drink, lunch and dinner specials.

Bring on the dogs!

No matter what spectacular bargains are offered at the annual Wayne Sidewalk Sale, the 25-cent hot dogs and pop are the highlight of the event for many shoppers at Northside True Value Hardware.

If you ask area residents what draws them to the Wayne Sidewalk Sale each year, the answer for many is, "the 25-cent hot dog!"

The hardware store, owned by Phil Kaplan, has participated in the Wayne Sidewalk Sale days since the event began in 1958.

"It's funny how in business, as in life, a lot of things that are offered as a gift become a tradition," Kaplan said. "But we love doing this. It's our way of saying thank you to the community."

"Years ago, we offered the hot dog one year and ice cream the next. We planned to switch from year to year until we discovered how popular the 25-cent hot dogs and pop were," said Kaplan. "At that price, a family can have lunch or dinner for $2, which buys eight hot dogs and eight pops. That beats the price of the fast food chain."

New businesses add to Wayne's downtown

By CAROL MARSHALL
MCN Staff Writer

Downtown Wayne's appearance has been changing, adding to the little town's appeal. The changes and charm of Wayne's downtown area have attracted two new businesses since last year's sidewalk sales: The Hartford Framing Co. and Art Gallery, and Roberto DeMarco's Outdoor Accents.

Both businesses add even more first-rate shopping opportunities to the city's already eclectic blend of retail and service.

The Hartford Framing Co. opened nearly a year ago, and focuses on custom framing, home decor and gift items. Ginger Hartford, who co-owns the gallery with husband Don, says they were attracted to Wayne's downtown for two reasons. First, Don grew up in Wayne and has always lived in or near his home town. Second, the newly-married couple like the neighborhood.

"I was in Cincinnati," explains Hartford, "and there, you don't even know your neighbors. Here, everyone knows you and the people are so friendly. We knew we would own a business in Wayne, so we bought a home here, then the store."

Hartford adds that shoppers are also attracted to downtown shops. "People no longer want to go to an outdated shopping center," she explains. "They want a shopping experience."

Ginger Hartford, Hartford Framing Co. and Art Gallery.

And Hartford's customers have appreciated her down-home service, paired with her extensive knowledge of art and design. Having worked with some 300 galleries, Hartford is well-equipped to meet most all her customer's decorating needs, from corporate offices to restaurants and stores, to the home. Hartford offers endless options to each customer, at nearly any price point, from the affordable to most upscale, and each shopper receives the same knowledgeable, helpful service.

Hartford explains she prides herself on personalized and distinctive design. Offering more than 1,500 wood and metal moulding in nearly any style, her store offers the largest selection in the area.

"We help guide our customers to best showcase their artwork," she says. From childrens drawings to collectibles to prints and originals to family heirlooms and wedding treasures, if you treasure it, it's worth framing.

"We can take an ordinary print or poster and turn it into something spectacular," explains Hartford. She says a few design options such as canvass transferring, a process in which a print is literally transferred onto canvas, then finished to look like an actual

WKEN WARFIELD FOR STATE REP.

"Ken Warfield's outstanding record of 35 years of public service and his effective leadership and common sense approach to government will serve us well in Lansing".

John Sullivan-Wayne County Commissioner

"Ken Warfield and I have often disagreed politically but I do believe that he will be a good state representative listening to and fairly representing the entire District 17 constituency".

Donna M. McEachern-City of Wayne Councilwoman

"Ken Warfield's dedication and comprehensive approach to government has proven to be a benefit to his constituents. Ken Warfield, as a candidate, is unrivaled in his ambition to provide community service.

Josephine Lentine-City of Wayne Councilwoman

"Ken Warfield is "pro-worker", "pro-consumer" and has a strong interest in protecting "working families". This is the kind of state representative we need".

Beverly Shackelford-City of Wayne Councilwoman

"Ken Warfield - 12 years as a Firefighter, 15 years as a Fire Chief, 8 years as an excellent Mayor, 35 years of experience serving the public shows in the City of Wayne. Ken Warfield is the right person to send to Lansing as our State Representative".

Al Haidous-City of Wayne Councilman

"Ken Warfield with 5 years as my Wayne County Clerk-Department Executive has a proud tradition of service through EXCELLENCE, INTEGRITY and COURTESY and as a former Speaker Pro Tempore of the Michigan House of Representatives I know Ken will be very effective for the people of the 17th District and the State of Michigan".

Some things never change

Northside Hardware still serves up a dog and a pop for a quarter.

When the Wayne Sidewalk Sale was first created in 1958, Michigan Avenue was not divided, streets were blocked off for customers to browse through each corner and the clothes discounted at the time may have been a bit different in style.

What hasn't changed about the Sidewalk Sales over the years is the excitement.

Although four decades have passed, businesses continue to offer their best bargains and shoppers can't get enough of the quality merchandise and discounts.

Donna McEachern, director of the Wayne Chamber of Commerce, said in her more than 20 years as director, she fondly remembers the early events.

The Sidewalk Sale has traditionally been three days long. It started in the fall but made its way to July as Mother Nature to cooperate rather inconsistently, according to McEachern.

The very first Sidewalk Sales showcased many of the businesses' goods including clothes, jewelry, pots and pans, as it still does today.

MCN's best bets for a shopping break

By CAROL MARSHALL
MCN Staff Writer

Visitors to the Wayne Sidewalk Sales fill up and cool down after some serious shopping by visiting the variety of restaurants and food vendors participating in the three-day event.

Famous to Wayne residents is the Northside Hardware hot dog and Coke for a quarter, which has remained the same every year since 1958 (with the exception of last year's switch from Pepsi to Coke).

For the best in traditional home-cooked food, try Wayne Coney in the Metro Place Mall.

And for a relaxed lunch in an upbeat atmosphere, drop into the Rookie Sports Pub, at the corner of Michigan Ave. and Elizabeth.

If you crave a little fresh air with your icy cold beer drop in at the Wayne Brewery for a great lunch or dinner special, and daily drink specials. The Wayne Brewery also offers outdoor dining, so your lunch can come with a side of "people watching."

If you're still not full, drop by Papa Romano's for some of their famous Italian fare, and top off your weekend of great deals and great food.

NEW, from page B-7

painting, is just one of the ways she turns the ordinary into the exquisite.

Combine this process with unlimited matting and framing options, as well as the proper glass, and suddenly, Hartford's customers possess a rare expression of style.

If you don't have a print in mind, no doubt you'll find one at Hartford Framing Co. While Hartford chooses not to carry more than a handful of prints in her store, more than a million are available with the flip of a catalogue page and the click of a mouse.

"We have more than a million prints in 30 different catalogues to choose from," explains Hartford, "so we truly can find something for everyone in a very short period of time."

Hartford adds that the gallery also carries a variety of home decor and gift items, something that has surprised her customers. "My customers come in looking for something for their home, and the gifts catch their eye," Hartford says. "Then they keep coming back every time a special occasion or a graduation or wedding comes up to find the perfect gift."

Outdoor Accents opened as the gardening season launched this spring, and customers have flocked to the store's unique merchandise. Store manager Bianca Lemon, whose husband Robert co-owns the store with partner Mark Paladino, says, "There's something here for everyone." And she's right.

From painted outdoor statuary to classic cast stone planters and statues to gazing globes and bird baths, Outdoor Accents offers the best of summer.

Lemon says the statuary has been a favorite of her customers, but is followed closely by the rustic outdoor furniture and clay chimineas. Add to that angels and gargoyles and stained glass, and Outdoor Accents is a complete garden beautification center.

However, just because the store offers first-rate, high-quality merchandise, that doesn't mean you need to expect to pay sky-high prices. Outdoor Accents offers merchandise at all price points, from affordable to middle-higher prices, and for the most part, the prices are better than those at mass merchandisers, when comparing items of similar quality.

Where Outdoor Accents excels over the mass merchandisers is the "fun factor." Lemon is as enthusiastic about helping you select your items as you are about adding them to your lawn and garden.

With all the laid-back humor of your best friend and the knowledge of a designer, Lemon offers her customers the finest in fun shopping.

Outdoor Accents is located at 35731 W. Michigan Ave., west of Elizabeth, next to Lower Huron Professional Cleaning Supply Co.

The Hartford Framing Co. will be open Thursday and Friday during the sidewalk sale, but will be closed on Saturday, as the Hartfords celebrate their one-year wedding anniversary.

Hartford Framing Co. is located at 35501 W. Michigan Ave., at Elizabeth.
